The property was built in 1997 by reputable local builders Newman Moore and has been loved by the present vendors family and who have meticulously maintained it since. It was built to a very high standard at the time but now offers the potential for a new buyer to update the fittings and create a stylish home in their own taste. Features include gas fired central heating and uPVC double glazing.

The accommodation extends to some 1853 sqft and a double garage 314 sqft. The ground floor briefly comprises of a reception hall, cloakroom, dual aspect lounge with fireplace and patio doors to rear, separate dining room, study, breakfast kitchen and utility. To the first floor is a spacious landing serving four generous bedrooms one with en suite bathroom and a main house bathroom with corner bath and separate shower.

To the front of the property an extensive driveway provides ample parking for a number of cars and access to the detached double garage. However one of the key features of the property are the beautiful rear gardens. These are particularly large, south facing and have evolved since the house was originally built to create a stunning outside space. The property is offered for sale with no onward chain and viewing is essential to fully appreciate every aspect.
